

DSM 250 - Edge grinding machine for ergonomic concrete grinding

The edge grinding machine for fast, easy and back-friendly grinding of floor edges without straining the knees. The swivelling grinding head allows working in three positions: Left - right - straight. The free-floating dust guard ensures dust-free and low-vibration edge grinding.

Grinding to the edge

One diamond system for all floor grinders

With scarifier tool

Applications

Rimless grinding of concrete, screed, asphalt, regulate uneven floors, remove adhesives, fillers

Technical data		Equipment variants		
Ref. No.		713564	713565	713566
Voltage	V	230	400	220
Frequency	Hz	50	50	60
Power output	kW	2.2	2.2	2.2
Working width	mm	250	250	250
Grinding pressure floor	kg	35	30	35
Operating weight	kg	56	52.5	56
Edge distance	mm	0	0	0
Tool speed	r.p.m.	1450	1450	1150
Ø-Dust control	mm	50	50	50
Dimensions LxWxH	cm	100 x 40 x100	100 x 40 x100	100 x 40 x100
Tool mount		ETX1, Velcro	ETX1, Velcro	ETX1, Velcro

Special characteristics

- ETX – Easy tool exchange
- Diamond floating device
- Dust and vibration-free grinding and polishing up to the edge
- Swivelling grinding head left/right
- Low in vibration
- Borderless grinding and polishing
