

## STR 581 – Reliable multi-purpose machine for smoothing synthetic resin

Equipped with an infinitely variable speed control from 57 to 171 rpm and in combination with a special smoothing blade, the STR 581 ensures particularly even smoothing of synthetic resin floors. The multi-purpose machine has a metal gear drive and motor overload protection for more safety.

Fill pores

Grinding with diamonds

With speed control

### Applications

smoothing of synthetic resin floors, gouging, to seal, cleaning hard floors

Technical data		Equipment variants	
Ref. No.		795072	795073
Drive		Gear, metal	Gear, metal
Voltage	V	230	230
Frequency	Hz	50	50
Power input	W	1800	1800
Working width	mm	420	420
Operating weight	kg	41,5	40
Tool speed	r.p.m.	57-171	57-171
Brush pressure	g/cm <sup>2</sup>	35	35
Torque	Nm	100	100
Guide rod length	mm	1200	930
Noise level	dB(A)	58	58

### Special characteristics

- Working up to the rim
- Stepless speed control
- Motor and drive, dust-tight and splash-proof
- Motor overload protection
- Metal gear wheel
